Do this by making a sales web page for the brand new ebook, but don't embody a price on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by making a variety of duplicate gross sales pages with completely different prices on each page. Make sure that your sales copy is exactly the identical on every page, and consists of your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum price is.

Ultimately, when you've written a e-book that solves a problem or presents a new approach, your ebook will usher in both visitors and profits.
