this by creating a sales web page for the new e book, however don't embody a value on that page. Instead, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by making a number of duplicate sales pages with different costs on every page. Make certain your sales copy is precisely the identical on every web page, and contains your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your site and gross sales of your book. It will tell you what your optimum value is.
