Do that by making a gross sales page for the brand new e book, but do not embody a price on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with completely different prices on every page. Be certain that your gross sales copy is strictly the same on every

web page, and consists of your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum price is.
