piece of gross sales and promotional material, and every time anybody asks you about your ebook.

In addition to selling your books assiduously online, there are a number of different strategies that can enable you to promote extra books.

One is to provide one thing away for free with your ebook, equivalent to a precious bonus item. Or bundle a number of ebooks beneath one worth, which lowers the worth for every e book if they had been sold separately.

An efficient method for determining a price is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the brand new guide, however do not include a price on that page. As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with completely different prices on every page. Make certain your gross sales copy is exactly the same on every page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your web site and sales of your book. It will inform you what your optimum value is.

Ultimately, in case you've written a guide that solves a downside or presents a brand new approach, your guide will usher in both traffic and profits.
